

Omotenashi Japanese Ceramics  
First Range for 2023

おもてなし Omotenashi (O-mo-te-na-shi) is deep-rooted in Japanese culture, and means to wholeheartedly look after guests.

It is a selfless practice which centres around care for the guest, not the expectation of receiving something in return. Hospitality and care are provided from the heart, unhidden and unprotected, a deeply respected practice. These ceramics embody the three key principles of omotenashi: empathy, anticipation, and authenticity.

We hope that you embody these values when using these authentic, Japanese made ceramics; looking after your guests and yourself with care, the omotenashi way.

## These are ラーメン/丼 鉢

"*Rā-men/Don-bu-ri bachi*" or Ramen/Donburi bowl

These ramen bowls, produced in a traditional 19th Century design are sought after thanks to their beautiful shape and finishing.

The form is hard to find now, with few artisans still producing them in this style that requires expert finishing and a multi-stage process to create the beautiful, richly coloured patterns.

The "double happiness" mark 囍 emblazoned in many of the patterns on these bowls is said to bring good fortune to guests and their hosts on special occasions.

だいこん **"Daikon"** or White Radish

From the Paprika fresh out of the crisp Spring thaw, to Red Turnip as the weather warms in late in the season, to Summer's Eggplant, then Pumpkin starts to taper into the cooler autumn and finally White Radish as the last harvest of the season as the winter frost arrives.

# These are 花集い

"Hana Tsu-doi" or Flower gathering

**Unique 3D Texture**

Hana Tsudoï bowls feature a traditional, delicate porcelain finish, but with a unique difference. Almost impossible to capture in a two-dimensional image, the final patterns are etched in the forming process at the earliest stages, giving the flowers a touchable effect, almost as if they were gathered and carefully pressed into the ceramic itself. The beautiful aizome blue colour catches the light as it wraps around the texture in their otherwise perfectly smooth surface.
